Personals

Mrs. E. A. Kidd, of Bedford spent ... week-end with her sister, Mrs. ... A. Burke.

Fred Hanenkrat, of Portsmouth spent the week-end here.

Charlie T. Goff, of Richmond visited in the home of J. A. Sweeney Saturday.

Mrs. L. M. Ringham, of Bluefield, spent the week-end with her parents, Mr. and Mrs. J. H. Cheatham.

There will be an all-day Regional ...eting of the Womans Missionary Union at the Elon Baptist Church ...mpkin, next Tuesday, October 20. All members of the W. M. S. of Liberty Baptist Church are urged to be present at this meeting.

Mrs. Louella Morris has returned from the Hospital where she received treatment for a broken leg. ...ter sister, Mrs. Ida Norris, of near ...vera is staying with her. We wish for her a speedy recovery.

W. P. Crowgey, of Norfolk, was a visitor in Appomattox yesterday.

L. E. Morris, of Norfolk will arrive tomorrow night to spend several days at his home here.

Eddie Scott Cates, of Hampden-Sydney College will spend the week-end at his home here.

Mr. and Mrs. Carlton Godsey and daughter, Peggy Freeman, of Lynchburg spent Tuesday in Appomattox.

Malcolm Jones, of Baltimore was home for the week-end.

Mrs. S. J. Evans and daughters, Marian June and Ann Elizabeth, of Lynchburg spent Saturday with her mother, Mrs. Jennie Johnson.

"Pat" Godsey, who is working in Baltimore spent the week-end here with his family.

Mrs. Carrol Smith spent the week-end in Charlottesville.

Thomas Smith, of Salem was home for the week-end.

Mr. and Mrs. C. D. Staples and daughter, Priscilla Ann, of Richmond were guests of Mrs. James B. Abbitt over the week-end.

O. R. Rutledge, who is working in Newport News was home Sunday.

Judge J. W. Flood spent last week sora hunting in King William County. W. M. Abbitt and C. H. Swing spent several days last week there.

Miss Colyer Smith spent Monday with her parents, Mr. and Mrs. J. A. Smith.

Miss Alma Ferguson spent Sunday night with her grand-mother, Mrs. J. A. Smith.

Mr. and Mrs. J. A. Smith and family spent Sunday evening with Mrs. James Gunter, of Concord.

Mr. and Mrs. Alfred Doss and Miss Helen and "Buck" Doss were callers in the home of Mrs. J. A. Smith Saturday evening.

Robert Newman, of Richmond spent the week-end in the home of R. C. Moore, who is his friend, William Moore, who is working in Richmond.

Mrs. A. B. White, of Lynchburg spent Sunday with Mr. and Mrs. L. E. Smith.

The Contract Bridge Club will meet Friday evening with Mrs. J. W. Flood.

Miss Elizabeth Cralle, of Richmond spent the week-end with her parents, Mr. and Mrs. C. C. Cralle.

Mr. and Mrs. Vance Perkins and children, of Farmville spent Sunday with her parents, Rev. and Mrs. H. Frederick Jones.

Mr. and Mrs. F. T. Cawthorn, of Petersburg spent several days last week with Mrs. Eva Cawthorn.

Mrs. C. V. Reynolds, of Pittsylvania County and Mrs. Lloyd Bradley, of Richmond spent the week-end with Mrs. W. R. Reynolds.

Mrs. W. W. Fleshman and son, Wilson Kenneth have returned from a visit to Roanoke.

Miss Margaret Babcock, who is attending Phillips Secretarial College, Lynchburg spent the week-end with her parents, Mr. and Mrs. Robert Babcock. They visited Mr. and Mrs. Walter Bryant, of Culleoka Sunday afternoon.

Mr. and Mrs. Robert Doverspike, of Pennsylvania were guests of Mr. and Mrs. F. W. Hanenkrat last week. Mrs. Hanenkrat returned with them for a visit.

J. A. Burke and Rev. R. E. Rodding attended the Presbytery Tuesday at the Maysville Church in Buckingham.

John Sassa McKee, III, celebrated his sixth birthday Sunday in the Burke home here. Guests in the home Sunday were Mr. and Mrs. W. C. McGill and Mr. and Mrs. H. C. Anderson, of Lynchburg.

Miss Ruth Tuck, of Lynchburg, spent Sunday in the home of Mrs. A. F. Godsey.

Mrs. Harry P. Davis was a guest of her sister, Mrs. W. D. Browning in Richmond last week.

Miss M. Anna Jones, Mrs. H. Frederick Jones, Mrs. Harry P. Davis and Miss Mary Louise Gills attended the State Convention of the United Daughters of the Confederacy, which met at the Jefferson Hotel in Richmond last week.

Home-coming day will be observed at Liberty Baptist Church on November 1st. The pastor, Rev. H. Frederick Jones will bring a message appropriate to his second anniversary as pastor, the occasion marking the close of his second year with the church.

Robert Gills spent the week-end with his mother, Mrs. E. E. Gills.

Mrs. S. A. Ferguson left last week for Bluefield, W. Va., where she will spend the winter with her daughter Mrs. Guy L. Furr.

Booker Prillman, who formerly attended high school here, was in town Sunday, greeting his many friends.

The W. M. S. of Liberty Baptist Church met Wednesday in the parlors of the church, at which time Mrs. H. Frederick Jones, presidents presided and Mrs. W. J. LeGrande had charge of the program.

Mrs. Ruth Kennon is visiting her sister, Mrs. Lacy Avitt, of Covington.

Kenneth Barlow left yesterday for Newport News.

Mrs. J. Tyler Frazier, of Chilhowie, Va. arrived yesterday to visit in the home of Mrs. George Purdum.

Charlie Carter, of the U. S. Navy will arrive Saturday to visit his parents, Mr. and Mrs. L. W. Carter.

About fifty guests and members attended the annual Ladies Night banquet of the Appomattox Lions Club last Thursday evening. Following the banquet here was a dance, sponsored by the Club.

C. W. Smith is attending the annual Virginia Methodist Conference in Richmond.

The county board of supervisors met yesterday.

There was a fire alarm yesterday morning and the local fire company put out a blaze at Robertson's Service Station.

The Ration Board will move its office Monday into the brick building of the Appomattox Hardware Co. next to the garment factory.

Corp. Hunter Dickerson was called home from camp on account of the death of J. D. Morris.

Lewis McDearmon was in Roanoke Tuesday on business.

Corp. William Mitchell, of Fort Meade will spend the week-end in Appomattox.

Charles Gregory will leave Saturday to return to his duties in the U. S. Navy.

R. E. Gowin, of Andersonville, was in Appomattox yesterday.

Mrs. Maude Hagy, of Palmyra, visited Mrs. S. L. Ferguson Thursday.

Jack Lawson, who recently volunteered in the Navy, is stationed at the Norfolk Training Base.

Mrs. R. T. Lee, Mrs. S. L. Ferguson and Mrs. J. R. Lawson were dinner guests last evening of Mrs. Lillie Moses.

Junior McFadden, who has been a patient in a Petersburg hospital, as a result of an automobile accident is reported home this week-end.

Mr. and Mrs. R. E. Williams will move into the residence next to Charles Hanenkrat Nov. 1st.

According to latest tabulation Appomattox County collected about 125 tons of scrap metal in the drive ending October 10.

Fuel Oil Problem

The necessity for rationing fuel oil in 30 states was known. Only by rationing might real need, say millions of lives be averted in the East and, because its tank cars had been commandeered to meet the more critical Eastern petroleum shortages, in the Mid-West. As a matter of fact, the fuel oil crisis was unique in that it was wholly a crisis of transportation ... by rail, by barge, by trailer-truck and pipeline... simply couldn't take up the slack.

This was the situation when the Office of Price Administration's fuel rationing staff, under the direction of Joel Dean, took up the problem. It was the duty of the staff to devise, and quickly, the best possible method of rationing fuel oil in an area containing some 97,000,000 people, more than two-thirds the nations inhabitants. An area, furthermore, which embraced the nation's largest metropolitan centers, its greatest industries.

The need was for speed, but there couldn't be speed at the expense of thoroughness. What was needed was a regulatory program as nearly as possible without flaws, the more so because of the unusual nature of the problem, the double necessity for that without which no rationing program can function... public understanding and acceptance.

Two things made the fuel oil rationing crisis unusual. First, the fact that there was actually no shortage of fuel oil whatsoever, but only a shortage of the means of getting it where it was most needed. And, second, the fact that if successful, the rationing program would, in fact, feed on itself... perhaps devour itself. If enough people and enough industries could be persuaded to convert their furnaces to the use of coal, if enough people modified their homes heat-tight against loss of warmth through doors and walls and windows, there would be more fuel oil to go around.

There were no helpful precedents where fuel oil rationing was concerned. No other country had rationed fuel oil, since nowhere else in the world had fuel oil become such a dominant factor in heating. OPA's rationeers, starting from absolute scratch, had to devise a plan which would (1) Afford a fair basis for determining individual rations; (2) Permit adjustments in the ration to meet changes in the supply situation and in the weather; (3) Allow for regional differences in heating requirements, and (4) Provide local rationing boards with regulations so definitive that the boards would be bulwarked against pressures.

What You Buy With WAR BONDS
The Navy is making a plea to civilians to turn in their binoculars for military use during the War. The Army and Navy both need binoculars for navigation and scouting purposes. Depending on the power of the lenses, they cost from $50 to $50 each.

If you have a set of 6 x 30 up to 7 x 50-power lense binoculars loan them to the Army or Navy. If not, your purchase of War Bonds and Stamps will help buy this equipment for our fighting forces. At least ten percent of your income in War Bonds every payday will do the job . . . and provide the "eyes" through which a scouting pilot may spot an enemy battleship.
U. S. Treasury Department

Liberty Chapel News Report

Liberty Chapel, Oct. 13.- The Liberty Chapel Church W. M. U. met in the home of Mrs. Elsie Meggison last Thursday, with fine attendance, and everyone enjoyed the quilting party and the nice picnic lunch.

Friends of Mr. Charlie Goin, in this community were sorry to hear of his death, and extend sympathy to his family.

Richard Hatcher, of Keystone, W. Va. was a recent visitor in the home of his brothers, L.C. and J. J. Hatcher, of Wildway.

Joseph Garrette visited his brother, Garland, at V. P. I. Airport on Sunday.

Donovan Perdieu was a visitor in the home of his aunt, Mrs. Milton, of Roanoke for the week-end.

Mrs. Lyle Garrette and little son, L. N., Miss Frances Carson, and father A. B. Carson were Sunday guests of Mrs. Mollie S. Garrette.

Mrs. E. R. Hammersley, of Gladstone visited friends in this neighborhood last Thursday.

Marvin Reynolds had the misfortune to lose a nice hog a few days ago.

Mrs. John R. Booker hasn't been so well for several days.

Miss Lela Mann, of Washington, D. C. visited her mother, Mrs. J. A. Mann recently.

We are sorry to hear of the illness of Mr. W. P. Bocock.

Evergreen

Evergreen, Oct. 6.- Detective Roy Thurston and Bill Fielder, of Lynchburg went with George Farrar coon hunting the other night. It seems they treed several coons up a cluster of trees and only cut one tree, thus dislodging a very large mother coon, which, when it had gotten in a deep pool of water, proceeded to duck each dog that came within reach of her. After a fierce battle the hunters were rewarded with the carcass of one large coon, leaving the other coons for another time.

W. C. Garrett made his sorghum into syrup last week, and as usual there were quite a few visitors. Below are the names of a few who "helped" Friday night: Mr. and Mrs. R. W. Harvey and family, Mr. and Mrs. J. P. Harvey and family, Mr. and Mrs. A. A. LeGrand and family, Mr. and Mrs. S.R. Paulette and Stuart and Leon Paulette, Mr. and Mrs. Ernest Farrar, Mrs. Cheatham and Jeanne, Margaret Jennings and Phyllis Harvey, and so many others that if I should name them all, I would probably have writers' cramp.

Mrs. Mollie Lee St. Clair, of Roanoke visited Mrs. Ada Farrar last week.

Mrs. Sue Harvey spent a part of last week with her daughter, Mrs. Ruth Jennings.

Mr. and Mrs. W. Jennings visited in the same home Sunday.

Mr. and Mrs. Tommie Jennings moved to Appomattox September 30th. Mrs. Jennings was especially active in the work of her church, and we are sorry to have them leave the community. Mr. Jennings is employed at Appomattox.

I have just learned that Rev. C. A. Collins Jr., will soon leave to join the armed forces as Chaplain. While we are sorely grieved to lose Bro. Collins, the church will be some what lessened by having anticipated for some time. He is the 12th member of the Evergreen Baptist Church to join the armed forces in the defense of our country, and we feel very sure his influence will be great wherever he goes.

John Farrar has been working in Lynchburg the past several days.

We read much in the papers about inflation, and the efforts of the Washington administration to prevent it. Why lock the door after the horse has been stolen? I was in a local meat market the other day and made inquiry as to the trend of prices. I was told that the cheapest cut of beef in the house was 28 cents per pound, and the best was 50 cents per pound. A neighbor sold a veal calf last week on the Lynchburg auction market for more than $35.00. My son sold a fat pig at the same time and place for more than $30.00. Where does inflation begin?

Mr. and Mrs. B. F. Inge and Mrs. Inge, of Roanoke spent the week-end with their sister, Mrs. Pearl Glenn.

Mr. and Mrs. Harvey, of Detroit, Michigan are visiting her brother, J. A. Young.

Mrs. Emma Thomas is visiting her daughter, Mrs. C. I. Harvey, of Darlington Heights.

J. A. Young caught a 4-pound, 2 ounce bass while fishing at Holiday Lake recently.

Mrs. Connor had a lively experience last night that was laughable to hear her tell it. She had a large rooster and fattening, expecting week-end company. Soon last night, hearing a commotion among her chickens, she awakened her spouse sufficiently to have him shoot a number of times out the window, but as the chickens continued to squall, they both hastened to the chicken yard, where they beheld a small possum trying to make a meal of the rooster, but he was too light to hold him on the ground.

After shooting a number of times, he finally dispatched the thief with a stick.

Mr. and Mrs. F. L. Wooldridge are both on the sick list.

Mrs. J. C. Staples is recovering from a recent operation in a Lynchburg hospital.

A night fighter needs 5,000 units of Vitamin A per day to aid night vision.

The obsolete smokestacks of Milwaukee's city hall will make 35 tons of steel scrap.

Hudson, Ohio, collected 333 pounds of scrap metal per person, a total of 400 tons.

GROWTH IN CHRIST

LESSON TEXT—Luke 2:40-52; II Peter 1:1-8.

GOLDEN TEXT—But grow in grace, and in the knowledge of our Lord and Saviour Jesus Christ.—II Peter 3:18.

Growth is a normal thing. We expect it of the child, and when it fails we know that something is wrong. Just so there is something very decidedly wrong in the life of the Christian who fails to grow in grace. If a child fails to grow we are alarmed, but if a Christian does not grow we hardly notice it, or at most only express our regret. We need a revival.

I. Normal Children Will Grow (Luke 2:40-52).

While Christ was God manifest in the flesh, He was at the same time true man, and as a boy He developed and grew in a normal way.

Unless we meet the tragedy of arrested development we need have no concern about the fact that a child will grow physically, mentally and spiritually. The Lord has placed in the babe in a mother's arms the potentialities of the man or woman to come. Our chief responsibility is to provide the opportunity for the development of those abilities and qualities which the child has, and of guiding that growth in the right direction.

That is all a parent has to do, but it is enough to call for all the wisdom, judgment, patience and skill of the best of us. Yes, and even that is not enough, we need the wisdom of God and His grace upon our lives to do this vital work as we ought.

The qualities in a boy or girl which will count gloriously for God may be dreadfully effective for Satan if we permit him to get control of our children. May God help us to be alert and skillful in rearing our boys and girls.

While it is true that we can do more for the guidance of physical and mental growth than spiritual (because that is a matter of the grace of God), we can lead the steps of the little child to the house of God; we can teach him to pray and to trust God, and we can set an example of godly living before him. That is all we can do; but again we say, it is enough to demand our best effort and more.

II. Normal Christians Will Grow (II Pet. 1:1-8).

In Christ there are "all things that pertain unto life and godliness." There is no need of some added experience, or some new and striking endowment, for all the unbelievably great possibilities of Christian grace and growth are in Him. We need only to recognize that fact and yield to Him, and there will be the full development of Christian life and experience.

We have, in practice, so far departed from the normal in Christian life that we can hardly believe that the above is true. In spite of the normal Christian life according to God's standard, we have established a standard based on the average Christian life. If we equal it we are satisfied, and if perchance we surpass it we count ourselves among the "more spiritual" ones. And all the time the average standard is far below the normal Christian life which God not only expects, but is ready to enable and empower us to live.

Peter tells us in this passage that the great and precious promises of God in Christ are not only to enable us to escape the corruption of this sinful world, but to go on to a place where we will neither "be barren nor unfruitful" Christians. How will this come about? Verses 5-7 tell us.

Faith supplies in itself (rather than "add to," v. 5), if there is a "diligence" (that is, true Christian devotion), a number of other splendid qualities. First comes "virtue"—really moral courage, or nobility of character. What a fine step forward! Then comes "knowledge," that is, a discernment which will give practical skill in effective daily living for Christ. Such spiritual discernment will naturally lead to "self-control"—something much needed by most Christians.

The self-controlled one will always have "patience," that is, the endurance to stand every hardship and trial. We need to be more patient not only with others, but also with ourselves, even in this matter of Christian growth of which we are speaking.

A life like that is a life of "godliness," which will blossom out into real "brotherly kindness." There isn't too much of that in the world today, even among Christians. Let's revive it! Then what? The one who loves his brother will love the whole world (charity, in v. 8, should read "love"). Why not? Are we not all brethren, who know Christ, regardless of race, position or creed?

Let such virtues "abound" (v. 8), and no Christian life will lack its rich fruitfulness for God in Christ. If Christian people would let the new life within them grow, it would surprise us and them what God would do through them for His own glory.

From where I sit . . .

by Joe Marsh

HAPPENED to me only yesterday. I step on the starter of my car. Engine turns over O. K. but she won't start.

So I look under the hood just as if I know what's the matter. Tap a few things with a wrench. While I'm standin' there, wondering what to do next, a young soldier steps alongside.

"Need some help?" he asks.

"Got her almost fixed," I says. "But still she won't start."

"Looks like your carburetor's flooded," he says. "Got a screw driver handy?"

That young soldier knew what he was doin' all right. Went to work just like a professional.

"She'll be O.K. now," he says, straightenin' up and smilin'.

* * *

Boy's face looked sort of familiar. And darned if that soldier wasn't young Charlie Jenkins from Elm Street. Used to be a roundshouldered kid—one of those litter bugs you hear about. Say! You wouldn't know him after six months in the Army. Fifteen pounds heavier—straight and tan and real sure of himself. The Army's done a lot for Charlie. Made a man out of him—and I guess that goes for lots of other young fellows, too.

* * *

The other day I read how some folks worry about the soldiers havin' a glass of beer now and then. Well, after seein' Charlie, I don't think there's much cause for people to fret.

Just like Charlie says—"If you can trust us with guns and ships and tanks, I guess you can trust us with a glass of beer once in a while, if we happen to want one."

And I know the beer industry is co-operating with the Army and the Navy—government officers to see that beer is sold in good, clean, decent places.

From where I sit, this country's never seen a finer, cleaner, better-behaved lot of men than the ones in uniform today . . . I'm not worryin' about 'em!

Wings of Victory

Electricity helps make America's war planes some of the world's most deadly weapons. Here are a few of the ways in which G-E equipment serves in the air.

1. Lamps are the eyes of the plane at night, ranging in size from the cockpit lamps no larger than a pea to landing lamps of more than half-a-million candlepower.

2. Radio combines the voice and ears of the plane, allowing communication between the pilot and his squadron, and the ground and sea forces.

3. Instruments are the sensitive brain that relays messages to the pilot from all parts of the ship and helps him to control the plane in its flight.

4. Superchargers are the lungs of the plane, pumping extra oxygen to the carburetors, giving our planes the altitude necessary to modern warfare.

General Electric believes that its first duty as a good citizen is to be a good soldier.
General Electric Company, Schenectady, N. Y.

GENERAL ELECTRIC

"How to get the most from your Lighting Service!"

WIPE LAMP BULBS
FOR 25% MORE LIGHT!

LIGHT is so important to your eyes and to your health it's foolish not to get all the light you pay for. One good practice that experts say will increase light about 25% is to remove bulbs from sockets frequently and *wipe them with a damp cloth, and dry well, particularly the metal base.* (Never immerse them in water!) You'll be surprised what dust collectors they are! Another saving is gradually to shift bulbs that are well blackened inside to fairly unimportant places, such as closets and attic, where their extra operating cost and lower light output makes little difference.
